My Greetings To You!

Sunway University is recognised for producing individuals equipped with both academic credentials and a sound understanding of the world around them. Our major objective is to mould individuals who will contribute to global progress in every field.

With our broad range of programmes specifically designed for students, we are dedicated to becoming a world-class university with superior tuition and up-to-date facilities in a campus environment. This is complemented by our pioneering efforts of three decades in partnering with eminent international universities. In recent years, we have established collaborations with Harvard University, Brasenose College of the University of Oxford, and Gonville & Caius College of the University of Cambridge in creating intellectually invigorating and lifelong learning platforms for the community. Our most recent achievements are the setting up of the Jeffrey Sachs Center on Sustainable Development and the Center for Asia Leadership at Sunway University, which will be an integral part of nurturing our youths on the path to a productive, fulfilling and meaningful life.

This unwavering focus on quality and applicable knowledge has been rewarded by the excellent academic results achieved by our students, demonstrated by their employability. I am pleased to share with you that Sunway University has been ranked No. 1 in Asia in 6 areas of student satisfaction in the Student Barometer Survey Wave 2016 undertaken by I-graduate. We have also been declared ‘Asia’s First Superbrand in Education’, an accolade awarded by Superbrands Worldwide, in recognition of Sunway University’s significant competitive advantage and brand position in this region.

I would like to warmly welcome you to our community and I sincerely hope that you will have a wonderful experience with us!

Tan Sri Dato’ Seri Dr Jeffrey Cheah, AO
Chancellor

I am delighted to introduce this latest prospectus which showcases our largest ever number of courses. The Sunway brand is well-recognised to be one of “quality” and we strive to offer the very best in Malaysian university education meeting high international standards.

We are a leading private university, but one that is not-for-profit like many of the World’s top universities. We have a state-of-the-art campus that is uniquely located at the heart of Sunway City adjacent to a wide range of amenities and social facilities, including the Sunway Lagoon Theme Park.

We fully recognise that a university education is not just about its academic programmes. It is also about the broader social and intellectual environment. We are an increasingly international university and have established links with some of the most distinguished global institutions and regularly feature guest lectures by professors and experts in our distinguished speakers’ series, open to all.

Our university continues to grow in reputation and has top five star ratings for our teaching, facilities and employability preparation, from the international QS organisation, which rates universities all over the World. We also partner with Lancaster University, a top 10 UK university, with which we are able to offer many dual degrees.

So if you want a high quality university education with excellent employment preparation, exposure to some of the World’s leading thinkers, and access to a very special social environment, look no further than Sunway University. You can be sure of a very warm welcome.

Professor Graeme Wilkinson
DPhil (Oxford), FBCS, FRSA
Vice-Chancellor
The Key Facts

Sunway University has achieved more than the required benchmark, having been endorsed by means of stringent rating systems. Recognition and collaboration as a partner with world-leading universities adds to the respect shown for our top degree programmes.

Why choose Sunway University?
A history rooted in entrepreneurial thinking
Our faculty and staff recognise the interdisciplinary value of entrepreneurship and weave it throughout our curriculum and co-curricular activities promulgating the vision of our Founder Chancellor and Entrepreneur, Tan Sri Jeffrey Cheah, who developed the Sunway Resort City, turning a wasteland into Malaysia’s first fully integrated township home to multiple award-winning properties.

Sunway City
Study and live in a safe university town where user-friendly pedestrian walkways are thoughtfully connected to budget eateries, shopping and sports facilities, medical and financial services; as well as public transportation to Kuala Lumpur city.

Top Quality Programmes
The courses of Sunway University adhere to the most stringent regulations. Our qualifications are recognised throughout the world, collaborating with top ranking international universities adds to the respect shown to our degree programmes.

Prestigious International Partnerships

Lancaster University
International Collaborations
Cambridge University
Harvard University
Oxford University

Hallmark of Excellence
Sunway University’s programmes have attained accreditation and are compliant with Malaysia’s regulatory and quality systems. All our courses are registered and adhere to high government and compliance standards. In 2017, we once again achieved a Tier 5 “excellent” rating in the Malaysian Rating for University and University College Excellence (SETARA-2017), a rating we have consistently maintained since 2009.

In the 2018 edition of the QS World University Rankings for Asia, Sunway University stands among the top 2.5% of institutions in Asia. This follows our achievement of the highest distinction of Five Stars in the 2015 QS Stars University Ratings for:

- Teaching
- Employability
- Facilities

These ratings, which are valid for three years (2015 - 2018), places the University on par with world-class standards and solidifies our commitment to excellence; affirming our core strengths of top quality academic staff; distinction in teaching and research; employability through grooming highly-skilled graduates; as well as facilities and infrastructure that are conducive for learning within an outstanding campus environment.

Sunway University has also been awarded the status of Premier Digital Technology University by the Malaysian Digital Economy Corporation (MDEC), signifying our commitment to offering top-notch digital technology courses through the right teaching pedagogy that enables us to nurture world-class talents for the digital tech economy.

Applied study for the real world
We help shape tomorrow’s work-ready, industry-fit graduates. We connect with industry leaders at every level to ensure the relevance of our programmes and curriculum. Our students are exposed to real world issues and work on real projects and real applied research which provides valuable insights to each graduate, making them highly employable.

A creative approach to teaching
Our innovative teaching methods and learning styles provide students with ample opportunities to discover, advance, apply and transmit knowledge.

Focus on high impact research
Even though a young university, our reputation has attracted some of the leading experts and researchers in their field, giving our students the opportunity to learn and work with the very best.

A launch pad for the global citizen
We provide global perspective and experience. Our diverse international community of academic staff and students adds to our rich academic environment which helps nurture students to be global citizens. Our graduates are creative, professional and globally minded yet have a keen sense of giving back to the society in which they belong.
CONNECTIVITY & CONVERGENCE

Sunway University is strategically located in the award-winning township of Sunway City.

Sunway City has been recognised as a Top Smart City Initiative\* in Asia Pacific excluding Japan (APeJ) and won as an Integrated Smart and Low Carbon Township**, alongside category winner Zero Carbon Building from Hong Kong. It was Malaysia’s first fully integrated green township*** and a Low Carbon City****. A township comprising world-class retail, hospitality, leisure, healthcare, commercial and living components serves as an extension of the vibrant University campus, providing students with the experience of sustainable living in a smart city.

Students can easily navigate the city which is conveniently linked to public transportations such as the Bus Rapid Transit (BRT) system, the Light Rail Transit networks and the KLIA Express Rail Link (ERL) System. This connectivity is further complemented by the free shuttle buses that operate within the township. The beautifully designed elevated canopy walkways which connect the main amenities in Sunway City, encourages healthy lifestyles and contributes to sustainable living in this township.

The safety of our students is our utmost responsibility, as we understand the importance of a secure and comfortable, as well as affordable and conveniently located accommodation that is conducive to support both academic and extra-curricular activities.

Sunway University offers various on-campus residences that are complete with 24-hour security comprising Sunway’s own auxiliary police and trained security guards.

\* IDC Smart City Asia Pacific Award 2017 awarded by IDC Government Insights, a leading market intelligence and advisory firm for IT, telecommunications and consumer technology markets.

** as certified by the Green Building Index in 2012

*** named by the Malaysian Institute of Planners in 2016

ENRICHING LIVES THROUGH EDUCATION

The Jeffrey Cheah Foundation is a unique first-of-its-kind structure in Malaysia within the field of private higher education, modelled along the lines of some of the oldest and most eminent universities in the world.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard Sunway University in perpetuity by ensuring that the assets and operating surpluses are used to continue the cause of providing and sustaining quality education for present and future generations of students.

Guided by its Founding Principles – Giving to Society, Quality Education, and A Vision in Perpetuity, the Foundation believes that a good education at the highest level should not be denied to those deserving. To date, more than RM330 million in scholarships have been awarded and the amount continues to grow as the Foundation remains steadfast to its commitment towards giving to society through quality education in a sustainable manner.

The Jeffrey Cheah Foundation was officially launched on 18 March 2010 by the Prime Minister of Malaysia, YAB Dato’ Sri Haji Mohammad Najib bin Tun Haji Abdul Razak, in the presence of its Royal Patron, H.R.H. Sultan Sharafuddin Idris Shah Alhaj ibni Almarhum Sultan Salahuddin Abdul Aziz Shah Alhaj, The Sultan of Selangor.

An Educational Partnership for World-Class Degrees

Sunway University has a very strong strategic partnership with Lancaster University in the UK, which means that many of our degree programmes lead to dual awards with certificates awarded by both universities.

Lancaster University has been named University of the Year by The Times and Sunday Times Good University Guide 2018, and is ranked in the Top 10 of all three major UK league tables - The Times/Sunday Times (6th), the Complete University Guide (9th), and the Guardian (9th) as well as being highly placed for student satisfaction, employment and research.

Collaboration with an international partner of this prestige is a very special feature of Sunway. For graduates to obtain both a Sunway certificate and a certificate from a top quality British institution is a very unique advantage of studying at Sunway University.

Lancaster Validation – How It Works

Under the strategic partnership between the two universities, Lancaster validates most of Sunway’s degrees. This means that Lancaster regards such degrees offered at Sunway as equivalent to its own and issues its own degrees as well to successful graduates. Having successfully completed the programme at Sunway and met the agreed criteria, graduates will therefore receive a certificate from Sunway University and a certificate from Lancaster University.

International Excellence in Hospitality Education

Le Cordon Bleu is one of the most highly respected organisations in the world devoted to the culinary arts and hospitality education. Founded in Paris 120 years ago, it has a prestigious history and is renowned as arguably the most distinguished culinary arts school in the world. It is an organisation, which stands for expertise, innovation, tradition and refinement in the culinary arts and for world-class excellence in hospitality education.

Certification by Le Cordon Bleu

Sunway’s partnership with Le Cordon Bleu means that programmes in the fields of the culinary arts and hospitality management are certified as meeting the very highest standards, as laid down by Le Cordon Bleu.

In practice, this means that graduates from certified programmes receive a degree or diploma award from Sunway University together with a parchment from Le Cordon Bleu confirming that the graduate has completed a programme certified by Le Cordon Bleu as meeting its standards.

Graduates therefore receive both academic recognition and industry recognition in the certificates that they receive. This very special arrangement gives Sunway graduates the edge in the highly competitive international hospitality industry. This is another example of Sunway’s excellence.
The Jeffrey Cheah Distinguished Speakers Series (JCDSS) gives our student community and the public an opportunity to listen to outstanding experts - Nobel Prize winners and world-renowned academics - speak on a variety of issues, providing a platform for intellectual discourse and lifelong learning. Tan Sri Dato’ Seri Dr Jeffrey Cheah, AO, Founder and Chancellor of Sunway University, is passionate about providing quality education and seeks various methods to empower the community through education. This is one of the many activities that Sunway University has embarked on to further boost its social responsibility efforts in education.

All lectures in the Series are open to the public with no admission fee. This will be a great occasion for you to meet, listen and learn from some of the world’s greatest academics. Amongst those who have spoken at the JCDSS include:

**SIR RICHARD EVANS**
- President of Wolfson College;
- Regius Professor Emeritus of History, University of Cambridge.

**JOHN BOWERS QC**
- Principal, Brasenose College, University of Oxford.

**PROFESSOR DR IGOR J. KORALNIK**
- Professor of Neurology, Harvard Medical School;
- Chief, Division of Neuro Immunology; and Director, HIV/Neurology Center, Beth Israel Deaconess Medical Center, Boston, Massachusetts;
- Chairperson, Department of Neurological Sciences; and Head, Section of Neuroinfectious Diseases, Rush University Medical Center, Chicago, Illinois;
- President, International Society for NeuroVirology.

**PROFESSOR PETER C. DOHERTY AC**
- Nobel Laureate;
- Laureate Professor, Department of Microbiology & Immunology, University of Melbourne; Peter Doherty Institute for Infection and Immunity, Melbourne;
- Member, St Jude Faculty; Michael F. Tamer Chair of Biomedical Research, St Jude Children’s Research Hospital, Memphis, Tennessee.

**PROFESSOR BARRY J. MARSHALL AC**
- Nobel Laureate;
- Nobel Laureate, School of Pathology and Laboratory Medicine; Director, The Marshall Centre for Infectious Diseases Research and Training; Honorary Clinical Professor, Clinical and Adjunct Staff (Medicine and Pharmacology, QEMIC), University of Western Australia.

**PROFESSOR SIR LESZEK BORYSIEWICZ FRS**
- Vice-Chancellor, University of Cambridge;
- Chairman, Cancer Research UK.

**EMERITUS PROFESSOR WANG GUNGWU, CBE**
- Chairman, East Asian Institute; and University Professor, National University of Singapore;
- Member, Board of Trustees, Jeffrey Cheah Foundation;
- Emeritus Professor, Australian National University.

**SIR ROY CALNE**
- Professor Emeritus of Surgery, University of Cambridge.

**YANG ARIF DATO’ SEVENTHIRANATHAN THIMAGARAJAH**
- Retired Judge, Court of Appeal, Malaysia.

**PROFESSOR SIRBANDES POPPEMA**
- President and Professor of Pathology, University of Groningen, Netherlands.

**THE RIGHT HONOURABLE JIM BOLGER ONZ**
- Chancellor, University of Waikato;
- Trustee, University of Waikato Foundation;
- Former Prime Minister of New Zealand.

**PROFESSOR PAUL ZIMMET AO**
- Professor of Diabetes, Monash University Australia;
- Former Director Emeritus, Baker ID Heart and Diabetes Institute;
- Honorary President, International Diabetes Federation.

**PROFESSOR JEFFREY SACHS**
- Chairman, Jeffrey Sachs Center on Sustainable Development, Sunway University;
- Special Advisor to United Nations Secretary-General António Guterres on the Sustainable Development Goals;
- Quetelet Professor of Sustainable Development, and Professor of Health Policy and Management, Columbia University;
- Director, Center for Sustainable Development (CSD), The Earth Institute, Columbia University;
- Director, United Nations Sustainable Development Solutions Network.

**PROFESSOR JOHN TODD FRS**
- Jeffrey Cheah Professorial Fellow in Medicine, Brasenose College, and Professor of Precision Medicine, University of Oxford;
- Director, JDRF/Wellcome Trust Diabetes and Inflammation Laboratory (DIL), The Wellcome Trust Centre for Human Genetics, University of Oxford.

**PROFESSOR MARK WILSON**
- Jeffrey Cheah Professorial Fellow, Brasenose College, and Professor of Chemistry, Physical and Theoretical Chemistry Laboratory, Department of Chemistry, University of Oxford.
SUNWAY CAMPUS LIBRARY

The ISO 9001:2015 certified Library is one of the largest libraries for private educational institutions in Malaysia. Equipped with the latest library technology, Sunway Campus Library is linked worldwide, providing easy access to international e-databases and thousands of e-journals.

Its spacious 72,000 square feet of floor space provides a variety of learning spaces including individual and collaborative learning, Viewing Zone, Group Project Pods, Training Rooms, Instructional Lab, Drink and Phone Area, and IT facilities. Users may study in the Extended Hour Study Area until 2.00 am every day.

Our library is ever growing with a huge variety of books, e-journals, online e-databases, audiovisual and other collections to support the teaching, learning and research efforts of the academic community at Sunway University.

QUICK FACTS

- State-of-the-art library with latest technology, including RFID and the SirsiDynix integrated library system
- A Discovery Service (SearchAll) to search across the catalogue, library e-resources and Internet resources at one go
- Excellent collection comprising over 146,000 books, 124 e-databases, 38,308 e-journals, 162,000 e-books, and 11,500 audiovisual materials
- 1,300 seats
- Wi-Fi access, plus 115 wired computers
- Research support for staff and students, including information skills workshops, Help Desk and orientation sessions
- Assistance in academic writing through the Academic Language Learning Service
- Online access to the Library’s e-resources using PCs and mobile devices from anywhere
- Over RM2.5 million spent for library materials annually
- 40 library staff, with 16 professional librarians
- Reciprocal borrowing privileges and access to books and e-resources from Monash University Malaysia Library and Learning Commons
- Access to e-resources from Lancaster University for students following programmes validated by Lancaster University

DIVERSE INTERNATIONAL STUDENT COMMUNITY

Beyond the commitment to studies and on-campus activities, Sunway University is constantly abuzz with social activities and vibrancy! Students coming from almost every part of the world are drawn to study at Sunway because of our high quality programmes, our excellent academic partnerships and our outstanding and safe resort location. The campus is purpose-built with state-of-the-art facilities, making it conducive to study, research and work.

Friendly and helpful staff as well as numerous clubs and societies help to cater to the physical, intellectual and emotional aspects of students, all coming together to make their student experience enjoyable and memorable.

STUDENTS FROM OVER 90 COUNTRIES — LIVE, LEARN AND PLAY TOGETHER — MERGING IN A CULTURAL POTPOURRI OF IDEAS AND FRIENDSHIP.

Diploma in Hotel Management
Diploma in Information Technology
Diploma in Interior Design
Diploma in Nursing
Diploma in Performing Arts

SPM / O-Level / equivalent

*Subject to meeting academic requirements for respective programmes

YOUR SECONDARY EDUCATION IS OVER… WHAT NEXT?

You are at the crossroads of one of the most important decisions in your life after completing secondary school. “What am I going to do next?” Education opens doors to many opportunities for you, both within and outside the field of your study.

There are various pathways to earn a Sunway University degree. You may choose from a number of diploma programmes offered, which enable you to gain subject-specific knowledge and technical skills required for your undergraduate studies. You may obtain exemptions from certain first-year subjects if you fulfill the specified regulatory requirements. Alternatively, with a diploma, you would be sufficiently equipped to enter the workforce, if you choose to do so.

If you have completed our American Degree Transfer Program, but decided to continue your studies locally, you may also be eligible for advanced standing upon fulfilling conditions specified by the Malaysian Qualifications Agency.

On the other hand, pre-university programmes such as matriculations, foundations and A-levels etc. allow you to explore topics in various fields of study, before you commit to pursue in-depth knowledge in a specific discipline of your choice at the undergraduate level.

For more information, please make an appointment to speak to our Admissions counsellor at info@sunway.edu.my.

ENTRY REQUIREMENTS

SUNWAY UNIVERSITY CURRENTLY HOSTS STUDENTS FROM OVER 60 COUNTRIES AROUND THE WORLD. OUR PROGRAMMES ARE APPROVED BY THE MINISTRY OF HIGHER EDUCATION, MALAYSIA, WITHIN THE MALAYSIAN QUALIFICATIONS FRAMEWORK. WE ADMIT STUDENTS HOLDING BOTH MALAYSIAN AND INTERNATIONAL QUALIFICATIONS INTO OUR PROGRAMMES.

At the undergraduate level, qualifications equivalent to the Malaysian Higher School Certificate known as Sijil Tinggi Persekolahan Malaysia (STPM) are accepted for admission. The following pages provide information about the overall grade required for admission into Sunway University programmes.

The methods used by the University to determine the overall grade of several pre-university qualifications are provided below.

A-Level

The General Certificate of Education (GCE) Advanced Level, or A-Level, is a secondary school leaving qualification in the United Kingdom (UK) and commonly offered as an international qualification outside the UK. Your best three subject grades achieved in your A-Level qualification would be assigned specific points which would be summated. If the total points exceed the stated requirement, you would qualify for admission.

Points awarded for A-Level subjects are as follows:

<table>
<thead>
<tr>
<th>GRADE ACHIEVED</th>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td>POINTS AWARDED</td>
<td>10</td>
<td>8</td>
<td>6</td>
<td>4</td>
<td>2</td>
</tr>
</tbody>
</table>

Unified Examination Certificate

The Unified Examination Certificate (UCE) is a standardised test for students of Chinese Independent Schools in Malaysia. Only subject grades A1 to B6 achieved in your UEC qualification would be assigned specific points. The points from your best five subjects would be summated. If the total points do not exceed the stated requirements, you would qualify for admission. C7, C8 and F9 grades cannot be included in the calculation.

Points awarded for UEC subjects are as follows:

<table>
<thead>
<tr>
<th>GRADE ACHIEVED</th>
<th>A1</th>
<th>A2</th>
<th>B3</th>
<th>B4</th>
<th>B5</th>
<th>B6</th>
</tr>
</thead>
<tbody>
<tr>
<td>POINTS AWARDED</td>
<td>10</td>
<td>2</td>
<td>3</td>
<td>4</td>
<td>5</td>
<td>6</td>
</tr>
</tbody>
</table>

International Baccalaureate

The International Baccalaureate (IB) is an international programme of study. If your total points as shown on your transcript, excluding bonus points, exceed the stated requirements, you would qualify for admission. Evidence of successful completion of diploma is also required.

For further information, please contact our Admissions Counsellor at info@sunway.edu.my.
The following are minimum entry requirements for admission into Sunway University programmes.

ACADEMIC PROGRAMMES

BIOLOGICAL SCIENCES

• BSc (Hons) Biology with Psychology
• BSc (Hons) Medical Biotechnology
  • MSc in Life Sciences
  • MSc Doctor of Philosophy in Biology

ABOUT THE PROGRAMME

This exciting and innovative biology degree incorporates behavioural sciences to make it more relevant, relatable, and applicable. With 75% of the subjects focusing on biology, graduates will be equipped with a strong foundation to further their studies in postgraduate level in the area of neuroscience, and in clinical or pharmaceutical research.

Alongside academic studies, there will also be opportunities to develop research skills and practical experience through working on innovative independent research project during the final year.

You will also gain valuable experience working in various healthcare industries during the internship component. These skills will give you an edge, opening up career opportunities in the healthcare sector, pharmaceutical industry, food industries, environmental consultancy, and related disciplines, as well as academia.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/sci/bsc-bio-psy

INTAKES:
January, March & August

DURATION:
3 Years (full-time)

CAREER PROSPECTS:
• Pharmaceutical Product Specialist
• Pharmaceutical Marketing Director
• Clinical Trials Manager
• Neuroscience Research Scientist
• Pharmaceutical Research & Development Director
• Academia (Science Educator)

VALIDATED BY

Lancaster University

BSc (Hons) Biology with Psychology
BSc (Hons) Medical Biotechnology

ABOUT THE PROGRAMME

The development of medical biotechnologies is one of the major success stories of the last 20 years, and continues to revolutionise the world of medicine. Exciting new developments have led the way to new treatments to combat previously life-threatening diseases and to improve the quality of life. This programme will lead you through some of the most important developments, helping you to understand them and opening up a future world of innovation and discovery.

Alongside academic studies, there will also be opportunities to develop research skills and practical experience through working on innovative independent research project during the final year.

You will also gain valuable experience working in various healthcare industries during the internship component. These skills will give you an edge, opening up career opportunities in the healthcare sector, pharmaceutical industry, food industries, environmental consultancy and related disciplines, as well as academia.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BIOLOGICAL SCIENCES

MSc in Life Sciences

ABOUT THE PROGRAMME
This postgraduate research programme will provide you with the opportunity to conduct original research, which extends the frontiers of knowledge in a specialised area of your choice in Life Sciences.

The programme provides advanced knowledge of and training in research methods that will enable you to apply your knowledge and skills as researchers, practitioners and administrators in many fields of life sciences and assist you in obtaining employment in the healthcare and biopharmaceutical industry.

The MSc in Life Sciences is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates: one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/tech/life-sc-msc

INTAKES:
January, March, June & August

DURATION:
2 Years (full-time)
3 Years (part-time)

CAREER PROSPECTS:
• Biochemist
• Pharmacologist
• Immunologist
• Physiologist
• Academia / Science Educator
• Microbiologist
• Healthcare Manager
• Research Scientist
• Laboratory Manager
• Product Specialist
• Sales Manager
• Quality Control Specialist

VALIDATED BY
Lancaster University

Doctor of Philosophy in Biology

ABOUT THE PROGRAMME
This research driven programme aims to further develop your current research skills in one of a number of key areas of biology. Working with your supervisors, you will be exposed to the many aspects of research activities, including critical analysis of literature, identifying an area of contribution, gathering information and communicating ideas through journal publications and conference presentations.

Tutorials will be conducted in an exclusive, one-to-one manner and supervisors will be on hand to support you throughout the duration of the programme. Prior to enrolment, prospective candidates will have to consult Sunway’s qualified and experienced supervisors to ascertain the area of research.

For more information, please refer to university.sunway.edu.my/sci/bio-phi

INTAKES:
January, March, June & August

DURATION:

ABOUT THE PROGRAMME

In line with Malaysia’s aspirations to become a developed nation, the Malaysian Institute of Accountants (MIA) projected that the nation requires 60,000 accounting professionals by 2020, up from the 32,000 registered with MIA at the end of 2016, according to the MIA Annual Report 2016.

Our programme is industry-relevant and recognised by renowned global professional bodies with key areas of focus comprising corporate reporting, financial control, audit engagement, treasury, performance management, regulatory compliance and professional ethics.

This degree provides you with an in-depth understanding of how accounting and finance fit into the broader context of business and management. You will be equipped with the critical thinking and problem solving skills needed to succeed in today’s dynamic business world characterised by constant change and innovation. In addition to these technical skills, the curriculum places importance on the development of soft skills such as communication, negotiation, teamwork and leadership which are essential for personal and professional development and growth. Consequently, Sunway graduates are highly sought after by top employers around the world.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

ABOUT THE PROGRAMME

This programme provides you with a comprehensive understanding of the main areas of business in order to prepare you for a career in management. It is designed to equip you with the skills and competencies to effectively manage and efficiently adapt to the changing business environment.

You will explore businesses in the context of its operations, management and evaluation of business information. This programme also provides you the opportunity to explore how the tools and techniques of management are utilised to analyse and evaluate business information and provide the basis for making informed decisions.

This broad-based programme also allows you the flexibility to pursue areas that particularly interest you within the wide range of elective subjects available. Its internship component provides you the opportunity to apply theory into practice, and prepares you to enter the workforce.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

• Chief Financial Officer
• Investment Banker / Analyst
• Portfolio / Fund Manager
• Money & Wealth Manager
• Financial Analyst
• Financial Engineer
• Financial Strategist
• Financial Research Analyst

VALIDATED BY
Lancaster University

ABOUT THE PROGRAMME

This programme caters to those who wish to join the business profession with a particular emphasis on understanding customers and their preferences. You will develop a broad understanding of business organisations and learn how businesses develop strategies, make decisions, allocate resources, and manage risks and uncertainties in this globally competitive business environment. Using real and simulated business scenarios, you will be exposed to the challenges of decision-making faced by businesses.

Apart from gaining theoretical knowledge, you would be able to explore the practical, analytical and strategic planning skills required to create value for both businesses and their customers. This programme aims to equip you with analytical and critical thinking skills, necessary for every employee in this global economy. The internship experience incorporated into the programme would also consolidate your learning as you apply theories into practice, and prepare you to enter the workforce.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Financial Economics

ABOUT THE PROGRAMME
Some of the global issues in our times relate to economic growth and sustainable development, unemployment, poverty, financial and monetary crises. The BSc (Hons) Financial Economics programme gives you the opportunity to combine studies in the areas of economics, financial mathematics and statistics for a wider range of careers both within and outside the financial services industry.

You would have more flexibility to venture into diverse fields such as financial planning, macroeconomics, financial forecasting, trading, financial-economic research as well as risk and asset management in banking.

To remain competitive in an increasingly complex financial ecosystem, this programme also incorporates topics in the Certified Financial Planner (CFP), Registered Financial Planner (RFP) and Securities Commission Licensing Examination modules to prepare students for these certifications. Some students are even recommended to take an additional examination in order to obtain a Certified Financial Analyst (CFA) status.

BSc (Hons) in International Business

ABOUT THE PROGRAMME
In this globalised economy, organisations compete in international markets, and often operate in multi-cultural environments across different countries. This degree is designed to equip you with the essential knowledge in the area of international business. You will have an opportunity to learn how businesses operate in such diverse environments and also gain an understanding of the development and implementation of international strategies.

Apart from exposure to traditional business management practices, our curriculum also introduces the global and contemporary issues affecting cross border businesses, such as human resource management, resource allocation and market expectations. The core elements that would be covered are International Business Law, International Economics, International Human Resources Management, Organisational Behaviour and Cultural Management related to the International business environment.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Marketing

ABOUT THE PROGRAMME
This specialised degree is a dynamic programme encompassing the multifaceted components of marketing. Central to the programme design is a focus on understanding consumer behaviour as a driver of product design, distribution, communication, and pricing strategy. Through the study of specialised marketing fields such as branding, services, relationship and digital marketing, you will learn how to create value for both the firm and its customers.

Our unique course delivery techniques combine active classroom learning with talks from industry leaders in Marketing, providing valuable insights into the challenging business environment today, as well as success stories of a well-implemented marketing strategy. This programme also incorporates a simulated business challenge and industry field trips, to enhance your learning experience. We provide the teaching and learning environment to equip you with critical and analytical thinking skills as well as sound decision making competency to address real-world marketing challenges. With emphasis on innovation and creativity, this programme grooms marketing champions who have the potential to excel in the industry. The internship component provides you the opportunity to apply theory into practice, and prepares you for the workforce.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

Master of Business Administration

About the Programme
The MBA dual award programme is tailored for aspiring managers who have the ambition of becoming strategic leaders within an increasingly complex organisational and business environment. If you decide to join this premier MBA programme, you will be acquiring not only a thorough knowledge of the latest management theories and tools, but will also be working on yourself – honing and building a set of skills you can use wherever you may find yourself. You will explore the leader within, emerging as a change agent within both the business world and beyond.

Global Recognition
This premier programme is offered in collaboration with Lancaster University Management School. Lancaster is ranked in the top 1% of universities globally and has been delivering MBA programmes for many years. The Lancaster MBA programmes are triple accredited and globally recognised. Indeed, the Lancaster MBA is amongst an exclusive group of UK based MBAs to remain in the Financial Times for over a decade.

Global Delivery
This programme is delivered in the purpose-built Graduate Centre utilising our unique Mindful Manager approach, designed to develop your cognitive and collaborative skills and your judgement and decision-making ability. Students have the flexibility of gaining credits by taking selected modules at other locations where Lancaster delivers an equivalent MBA programme.

Global Faculty
The faculty involved in designing and delivering this programme are amongst the best management consultants, educators and research scholars in the world. Locally based global faculty complement a large contingent of UK based educators delivering the MBA dual award programme. The outstanding faculty support, coupled with the unique learning process delivers a very high completion rate among our students.

This MBA is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/subs/mba

Doctor of Philosophy (Business)

About the Programme
A Doctor of Philosophy (PhD) is the highest level of academic qualification one can achieve. This qualification sets you apart as having developed an exhaustive understanding of your selected focus area in the discipline of business studies, placing you at the forefront of your chosen field of research.

Our PhD in Business provides you with opportunities to undertake extensive investigation within your chosen business field and you are encouraged to develop new ideas or employ well thought-out methodologies to produce noteworthy theoretical and practical contributions. You will utilise the best-suited research design to explore and/or test informed ideas. The outcome of your research extends the frontiers of knowledge and you will disseminate the scholarly findings to peers and practitioners, through academic and professional networks, conferences/seminars and even publications.

The University has a dedicated team of academicians to mentor you along your research journey, as you investigate a topic of your choice. You may pursue a topic or an issue in which you are currently researching within your workplace, in which case your PhD can also be of direct relevance to your current employment. Alternatively, you can choose to undertake research in any particular area you are passionate about.

You will be a part of an elite group of respected scholars, who actively promote scientific, technological, social and cultural progress whilst also shaping business, legal and societal boundaries. By the end of your study, you would have developed expertise in your chosen field and be well-equipped with the necessary knowledge, skills and personal attributes to carry out independent research.

For more information, please refer to university.sunway.edu.my/subs/b-phd

Intakes:
January, March, June & August

Duration:
3 Years (full-time)
4 Years (part-time)

Career Prospects:
Doctoral graduates are highly trained specialists in their fields. You may enter careers in academia, research or consulting as well as undertake specialist roles, for example as analysts in investment banking.

- 49 BA (Hons) Music Performance

COMMUNICATION AND CREATIVE ARTS

DIPLoma in Graphic and Multimedia Design

ABOUT THE PROGRAMME

Our Diploma in Graphic and Multimedia Design programme aims to provide you with a broad-based education in the creative arts, and technical skills that are critical for your success in this industry. You will learn about various aspects and techniques of graphic design including its application to packaging, corporate identity, publication design, environmental graphics, advertising design and digital graphics.

The development of fundamental skills through Drawing and Principles of Design will be the main focus of learning in Year One, with the inclusion of Typography and Computer Graphics. In the following year, the syllabus will build on creative conceptual design solutions in packaging, publication, corporate identity and other areas.

The final year includes practice in a real working environment within advertising agencies and design houses. Upon graduation, you would be well equipped to venture into the working world if you choose to do so. Alternatively, you may also further your studies at Bachelor’s level.

For more information, please refer to university.sunway.edu.my/soa/dip-graphic-multimedia

INTAKES: January, March & August

DURATION: 2 Years 6 Months (full-time)

CAREER PROSPECTS:
- Art Director
- Graphic Designer
- Animator
- Web & Multimedia Designer
- Advertising Designer
- Game Designer
- Illustrator
- Visual Effects Specialist
- Motion Graphic Designer
- Concept Artist
- Video Production Artist

DIPLoma in Interior Design

ABOUT THE PROGRAMME

This programme allows you to explore the art and science of enhancing interior spaces to make it aesthetically pleasing to the end user. Interior spaces no longer just meet functional and practical requirements; they are crucial to how we experience life, work, and play.

Inspiring new developments in technology and materials has created countless opportunities for the creative professional who chooses to pursue interior design. You will be equipped with the principles and theories of interior design before you begin to explore your creative potential through the many hands-on interior design activities as part of your curriculum.

With the support of experienced lecturers, you will discover the intricacies of space planning, design processes and visual aspects of presentations as well as concepts relating to building materials, furniture design, building construction, project specifications and professional ethics. During the programme, you would also have opportunities to participate in industry competitions and real world projects.

For more information, please refer to university.sunway.edu.my/soa/dip-interior-design

INTAKES: January, March & August

DURATION: 2 Years 6 Months (full-time)

CAREER PROSPECTS:
- Interior Designer
- Exhibition Designer
- Set Designer
- Project Manager
- Event Designer
- Model Maker
- Display Artist
- 3D Visualiser
- Visual Merchandiser
- Retail Designer
- Signage & Experience Designer
COMMUNICATION AND CREATIVE ARTS

Diploma in Performing Arts

ABOUT THE PROGRAMME
This programme has the distinction of covering two disciplines – theatre and film. It gives the students an interdisciplinary curriculum rarely found in other programmes. Students who select this programme will be surrounded and supported by like-minded and equally passionate classmates, lecturers and staff, with whom you will collaborate and learn from. Apart from lectures, you will be introduced to a variety of other learning methods, such as demonstrations, practical sessions, tutorials, viewings, discussions, performances and field trips.

The lecturers are dynamic individuals who are artistic and professional people known in film, television, media and theatre. They not only provide the guidance but also are the links to the industry for students' future work contacts.

The programme aims to give you a rounded, rigorous, 360° education and training in the fundamentals of theatre and film production, and acting. This comprehensive training and education in the inter-related disciplines of theatre and film production will give you a great head start in employment and further education upon graduation.

CAREER PROSPECTS:
- Drama Teacher
- Script Writer
- Production Designer
- Editor
- Cinematographer
- Stage Manager
- Production Manager
- Producer
- Voice-over Talent
- Web Media Advertising Specialist
- Corporate Image Consultant

INTAKES:
March

DURATION:
2 Years (Full-time)

BA (Hons) in Communication

ABOUT THE PROGRAMME
This exciting and high-impact communication programme has three interdisciplinary specialisations designed to produce industry employable graduates – Corporate Communication, Advertising Design, and PR Project Management.

This innovative and creative programme works closely with industry practitioners to reinforce knowledge learnt in the classroom in project-based learning. You will have the opportunity to get up-close and personal with industry leaders, as they share their expertise and skills in seminars, workshops and classroom projects. This extends the learning beyond the classroom and you are given opportunities to plan and organise events through which you can apply your classroom knowledge. The Communication and Networking Club spearheads initiatives of the department such as organising field trips, community service collaborations and festivals. These events and activities add excitement and provide real world insights to you as part of your learning.

Additionally, as you work with lecturers on your research-based subjects, critical thinking, perseverance and research skills will be honed in the process. The internship component in the final year culminates all your learning, as you begin to apply theories into real-world practice.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates, one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/soa/ba-communication

CAREER PROSPECTS:
- Actor
- Voice-over Talent
- Director
- Producer
- Production Manager
- Stage Manager
- Cinematographer
- Editor
- Production Designer
- Script Writer
- Drama Teacher

DURATION:
3 Years (Full-time)

BA (Hons) Contemporary Music (Audio Technology)

ABOUT THE PROGRAMME
This programme aims to train versatile musicians and music producers. It is both a technical and creative degree programme, providing you with solid music theory and academic knowledge, while developing your skills in audio technology through studio practice and interdisciplinary collaborative projects. Subjects and areas covered include composition, arrangement, sound design and film scoring, as well as music theory, history and audio training.

If you have a strong interest in music production, sound and audio technology, this programme is for you. It is also open to individuals with no prior formal musical training who are passionate about pursuing a career in music. Graduates will be equipped to work in the music industry as producers, composers, sound engineers and creative artists; or in the broader creative industries through work on film, TV, video games, theatre, dance, entertainment and many more.

For more information, please refer to university.sunway.edu.my/soa/ba-music-audiotech

INTAKES:
March & August

DURATION:
3 Years (Full-time)

BA (Hons) Design Communication

ABOUT THE PROGRAMME
The 21st century communication designer is one who not only develops a message content for printed or electronic media, with emphasis on aesthetics in media, but also has the ability to create new media channels to ensure the message reaches its target audience.

This programme aims to nurture passionate, creative thinkers who have a good understanding of key communication and information design concepts towards the application of these to new design trends and projects. It builds on and values the understanding of historical and contextual referencing and the capability to source for original materials through research. You will be engaging with traditional areas of communication, as well as having access to cutting edge design, technology, software and digital media. From a broader perspective, you will be encouraged to not only develop your individual creative skills, but also your teamwork and networking skills through participation in creative collaboration teams.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates, one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/soa/ba-design-comm

INTAKES:

COMMUNICATION AND CREATIVE ARTS

BA (Hons) Digital Film Production

ABOUT THE PROGRAMME
The BA (Hons) Digital Film Production explores the creative and professional aspects of film production including short film and documentary, scriptwriting, sound design, acting, transmedia content creation, post-production, entrepreneurship and internship, with the widest and most value-added applications.

The programme aims to produce versatile creative producers who are skilled in audio-visual production and transmedia application across multiple screens to enhance capability and competency in Malaysia’s growing creative economy. The expertise acquired in this programme will be relevant to a diverse range of conventional and new career options within and beyond the current media landscape that has been revolutionised by digital technology.

With our Innovative Hands-on Approach to teaching, you will find yourselves completely immersed in your course of study, surrounded by award-winning faculty and working with up-to-date equipment and facilities. You will also be trained to foster critical thinking and communication skills in order to fulfil your full academic potential. Upon completion of the programme, you would have amassed an impressive portfolio of work, the best of which will be screened at our end-of-year Public Graduation Showcase.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BA (Hons) in Interior Architecture

ABOUT THE PROGRAMME
The BA (Hons) in Interior Architecture is an exciting programme designed for students who seek to become innovative interior architecture professionals of the 21st century. Spanning a period of 3 and 1/2 years, you will engage in various aspects of design for interior environments and develop skills which enable you to contribute to the profession with creativity and confidence.

The programme of study takes place in a broad range of learning environments, beginning with studio experience which engages you in the fundamentals of design process and thinking, allowing knowledge and skill-development in the practice of designing interactions between people and interior spaces. You will be exposed to and beyond the current product of theoretical and practical subjects such as design practice, modelling, drawing, furniture design, and sustainable design. A keen sense of design coupled with communication skills and the ability to utilise the latest technology, will equip you for a career in any field of design.

You will also experience an immersive learning environment in the real-world during the 6-month industrial placement programme. This programme has been developed according to the guidelines of the Board of Architects Malaysia (Lembaga Arkitek Malaysia, LAM). This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BA (Hons) Music Performance

ABOUT THE PROGRAMME
The BA (Hons) Music Performance is focused on Western art music, with training in practical musicianship, music theory, and academic knowledge. It is a practice-based, creative degree programme in which you would be expected to practice individually, rehearse in ensembles, and perform in both contexts. During your studies, you will also gain knowledge in music theory, music history, composition, arrangement, music technology and music education.

This programme is ideal for you if you have a background in performance with an interest in solo performance and/or ensemble playing. Upon graduation, you will be equipped for a professional career in the music industry as performers, educators, and session musicians, utilising a broad exposure to other related areas, including composition and arrangement. Furthermore, due to the interdisciplinary nature of the programme and its strong emphasis on collaborative work, you would gain a wide range of transferable skills necessary for employment in today’s creative industries.

COMPUTING AND INFORMATION SYSTEMS

• 51 BSc (Hons) in Computer Science
• 51 BSc (Hons) Information Systems
• 52 BSc (Hons) Information Systems (Business Analytics)
• 52 BIS (Hons) in Mobile Computing with Entrepreneurship
• 53 BSc (Hons) Information Technology
• 53 BSc (Hons) Information Technology (Computer Networking and Security)
• 54 Bachelor of Software Engineering (Hons)
• 56 MSc Information Systems
• 56 MSc in Computer Science (By Research)
• 56 MSc in Information Systems
• 57 Doctor of Philosophy (Computing)

ABOUT THE PROGRAMME

A computer science graduate will likely pursue careers with little direct interaction with users, such as in the design and development of systems infrastructure, software or application technologies such as web browsers or databases. This programme has been developed according to the Malaysian Qualifications Agency Programme Standards for Computing and the Curriculum Guidelines for Undergraduate Degree Programs in Computer Science published by the ACM-IEEE CS (Association for Computing Machinery and Institute of Electrical and Electronics Engineers Computer Society). It is designed to ensure that graduates are well equipped with the knowledge, principles and skills in developing new technological and innovative solutions in the field of Computer Science.

The curriculum provides a comprehensive foundation of computer science, allowing you to gain technical knowledge such as theoretical algorithmic foundations to develop cutting-edge software or computing solutions. During your studies, you will also have the opportunity to perform a range of activities such as analysing, modelling, designing, developing and evaluating computing solutions. There are also electives in specialised areas such as computer vision and computer security.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Information Systems (Business Analytics)

ABOUT THE PROGRAMME
This programme focuses on the study of technologies and analytical skills, with core subjects in big data mining, business intelligence, knowledge management, social media analytics, big data analytics in the Cloud and others. The emergence and advancement of multimedia, social media and the Internet is fuelling exponential growth in data captured by enterprises. The ability to harness and analyse massive data creates significant value for businesses, enterprises and governments. It enables better decision making for business profitability, enhanced consumer satisfaction and disaster management. Graduates with expertise in business analytics are in high demand globally.

During your studies, you will work on identifying solutions to practical and real-world problems of companies by utilising data sets in the presence of analytics experts. You will have the option to gain an additional joint certificate in Big Data with Advanced Techniques in Data Science from SAS Institute.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/tech/bsc-b-analytics

INTAKES: January, March & August

DURATION: 3 Years (full-time)

BSc (Hons) Information Technology

ABOUT THE PROGRAMME
This programme aims to equip you with the technical knowledge to keep abreast with the rapid advances in technology and to develop your analytical skills. Students undertaking this programme are exposed to both technical and real-world practical experiences through the specially-crafted coursework and industrial training, making our graduates market-ready upon graduation.

Technology-based industries are fast-moving and require talents equipped with a balanced knowledge in software development and hardware infrastructure. By combining your technical knowledge on IT with hands-on experience, you will be adept at developing an organisation’s technology infrastructure and support its users. This versatile programme is best suited for those who wish to proceed as generalists in computing and build successful careers as IT professionals and managers. According to your personal interest, you may explore the various electives offered and enhance your knowledge in specific fields such as network management and security, database engineering and mobile development.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

- IT Infrastructure Engineer

VALIDATED BY
Lancaster University

BSc (Hons) Information Technology (Computer Networking and Security)

ABOUT THE PROGRAMME
Organisations depend on their information networks for mission-critical operations. Highly trained networking professionals are needed to ensure these infrastructures are resilient and operationally threat-proof. Threats towards networks are ever increasing and rapidly evolving. The security policies that are developed must be able to ensure accurate evaluation of internet traffic, to appropriately filter malicious users.

Graduates from this programme will be well-versed in the technical skills of computer hacking investigation and prevention, paving the way for a potentially lucrative career in the field of computer and networking security. There are global opportunities in sectors that have a rapid demand for networking and cyber-security experts such as the banking or financial industry, large private organisations, or the government.

You will also gain exposure to computer and networking security related practices in business and the industry through a 12-week industrial attachment. Graduates will revolutionise the field of Information Security with a solid foundation leading to internationally recognised professional credentials awarded by EC-Council (IT Security Certification Body from USA):
- Certified Ethical Hacking (CEH)
- Computer Hacking Forensic Investigator (CHFI)

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

Computing and Information Systems

Bachelor of Software Engineering (Hons)

About the Programme

Software systems have become the cornerstone of all modern businesses. These systems are often complex yet must be robust and adaptable. This programme will equip you with the knowledge and understanding of user requirements in analysing, modelling, designing, and developing large-scale software systems that are reliable and robust. Such Software Engineering (SE) specialists will be able to respond to the ever-growing impact of large-scale software systems in a wide range of situations, as well as to the increased importance in safety-critical and mission-critical applications.

With the technical content gained as well as the practical aspects of architecture design, software development, software processes, software project management, software testing and software maintenance issues, you will be prepared to meet challenges of the industry and have the competency to develop new and innovative solutions. The three-month internship incorporated into the programme, will provide you with the opportunity to apply theories in practice and prepare you to enter the workforce.

This programme includes the Certified Tester Foundation Level (CTFL) professional certification which incorporates software testing components within the curriculum of this degree programme. The CTFL is a globally accredited software testing professional certification fully accredited by the Malaysian Software Testing Board (MSTB), the national body representing the industry interests in promoting Software Quality Assurance (SQA) and software testing as core competencies in the development of software-dependent quality products and services. This industry-linked certificate will be an added advantage for the students, making them highly employable graduates.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

COMPUTING AND INFORMATION SYSTEMS

MSc in Computer Science (By Research)

ABOUT THE PROGRAMME
The MSc in Computer Science programme will train you to carry out research in current and emerging fields within the Information Technology industry. With the aim of expanding your intellect by nurturing advanced knowledge in specialist technical subject areas, our focus is to enable you to lead future developments in the industry or in academia. You will be integrated as members of our research groups at Sunway University with various opportunities to participate in research alongside your supervisors through seminars, workshops, laboratory experiments and fieldwork. Graduates of the MSc in Computer Science will have competencies in theory and practice of ICT and Computer Science. They will be well-equipped with analytical and problem-solving skills to work as senior consultants or in managerial positions in their field of study. The MSc in Computer Science (by Research) consists of two taught modules and one thesis. You will be required to complete two subjects, namely Research Methodology and Directed Readings, before you proceed to write the thesis. By undertaking these two subjects, you will develop the necessary skills and knowledge to conduct research successfully towards attaining your Master’s degree.

This programme is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

MSc in Information Systems

ABOUT THE PROGRAMME
Information systems are a critical part of an organisation’s IT infrastructure. IT professionals, who can manage information resources, understand the technology and systems, are key to successful modern enterprises.

This programme is strategically positioned to enable you to undertake information systems research that is theoretically and methodologically rigorous, and enables you to develop your capability to plan, organise and carry out research studies at master’s level. It extends your knowledge of research in your chosen area, and builds your skills in communicating your research work.

This programme is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

Doctor of Philosophy (Computing)

ABOUT THE PROGRAMME
Candidates of the Doctor of Philosophy in Computing at Sunway University will be leaders and innovators in the fields of computing, Information and communications technology. The research-driven programme aims to further develop your research skills in one of a number of crucial areas of computing. Working closely with your supervisors, you will be exposed to the many aspects of research activity including critical analysis of literature, identifying areas of contribution, compiling information and communicating ideas through journal publications and conference presentations.

For more information, please refer to university.sunway.edu.my/tech/comp-phd

INTAKES:
June & August

DURATION:
3 Years (full-time)
4 Years (part-time)

CAREER PROSPECTS:
Doctoral graduates are highly trained specialists in their fields. You may enter careers in academia, research, consulting as well as undertake specialist roles, for example development in advanced computing technology companies.
ACADEMIC PROGRAMMES

HOSPITALITY

- Diploma in Culinary Arts
- Diploma in Events Management
- Diploma in Hotel Management
- BSc (Hons) in Conventions and Events Management
- BSc (Hons) in Culinary Management
- BSc (Hons) in International Hospitality Management

ABOUT THE PROGRAMME

The Diploma in Culinary Arts provides you with culinary training of the highest quality with state-of-the-art kitchen and classroom facilities.

Headed by an award-winning team of culinary experts, our aim is to produce quality graduates who are not only confident with their culinary skills but also able to communicate fluently, work independently and display leadership qualities that will enhance their credentials in the hospitality and foodservice industries here in Malaysia and globally.

Essential practical experience will be gained through a 20-week industry internship. This diploma is accredited by Le Cordon Bleu and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Le Cordon Bleu, a leading institution in culinary and hospitality.

- Le Cordon Bleu

**BSc (Hons) in Conventions and Events Management**

**About the Programme**
The BSc (Hons) in Conventions and Events Management offers an industry-inspired programme to set you up for a professional career in the event industry.

The programme deals with conceptualising and pitching an event, to promotion and production, management and evaluation, covering all aspects of events management. You will emerge as a competent, industry-ready professional with great leadership abilities, technical competencies, communication techniques and problem-solving skills when working in a team or independently. The project management skills taught are also easily transferable to other sectors of business including marketing, business development and public relations.

Essential practical industry experience will be gained through an 18-week industry internship. Having close connections with industry practitioners, conference association, convention centres and the tourism bureau will make it easy for you to secure internship placements and future employment opportunities across various industries.

For more information, please refer to university.sunway.edu.my/hospitality/bsc-events-conv

**Intakes:**
January, March & August

**Duration:**
3 Years (full-time)

**Career Prospects:**
- Account Director

ABOUT THE PROGRAMME

This programme draws together a variety of subjects that involve applying mathematical and statistical techniques in the financial services industry. It is designed to pave the way for students wishing to embark on a career as an actuary. You will also be prepared for professional exams that lead to recognised actuary status or specialist in the financial risk and insurance industries.

The Society of Actuaries (SOA), USA, Casualty Actuarial Society (CAS), USA, and the Canadian Institute of Actuaries (CIA) conduct actuarial professional exams leading to professional designations such as Fellow of the Society of Actuaries (FSA), Chartered Enterprise Risk Analyst (CERA), Fellow of the Casualty Actuarial Society (FCAS) and Fellow of the Canadian Institute of Actuaries (FCIA).

Apart from being fully accredited by the Finance Accreditation Agency (FAA) of Malaysia, this programme also enables you to gain exemptions from professional exams conducted by the Society of Actuaries (SOA), USA. Through the Validation by Educational Experience (VEE) pathway you may be eligible for exemptions from 3 papers from SOA, if you have attained a minimum B- (or equivalent grade) in the designated subjects.

Students considering professional qualification in the insurance industry have an exclusive opportunity for an accelerated pathway upon enrolment. Our programme is recognised for admission into the Associateship of the Malaysian Insurance Institute (AMII) with eligibility for exemptions of up to 11 out of 14 AMII modules. You may also complete the remaining 3 AMII modules within the duration of your undergraduate degree.

ABOUT THE PROGRAMME

Do you have a passion for the well-being of others? At Sunway University, we provide you the academic and clinical preparation in nursing, to equip you with skills in treating, rehabilitating, counselling and educating patients, their families and the community. Nurses are core members of the healthcare team in providing holistic care to patients and the nursing profession offers a dynamic career path with diverse employment opportunities.

The Diploma in Nursing aims to nurture you into a professional who is capable, caring and knowledgeable when treating those in need of assistance. Our programme comprises both theory and practicum. Lectures are conducted on campus, followed by learning and practice of nursing skills in a Simulated Ward and a Skills Lab before you undergo clinical postings at healthcare institutions.

You will have the opportunity to attain practical clinical experience in both private and public healthcare settings, and be guided by experienced nurses who have vast clinical exposure as well as professional skills in different specialities.

Sunway Medical Centre offers exclusive sponsorship to students to pursue nursing studies at Sunway University, whereby employment is guaranteed upon graduation.

For more information, please refer to university.sunway.edu.my/healthcare/dip-nursing

INTAKES:
April & July

DURATION:
3 Years (full-time)

CAREER PROSPECTS:
• Registered Nurse
• Industrial Nurse
• Specialised Nurse (e.g. Emergency Care, Intensive Care, Operating Theatre, Midwife, Dialysis, Eye, Paediatric & Coronary Care)
• Nursing Sister
• Clinical Instructor
• Nursing Manager
• Nursing Administrator
• Nursing Educator

Career prospects for graduate nurses are both exciting and challenging by nature. Due to the demand for nurses worldwide, many nurses are offered employment internationally (e.g. Singapore, Middle-East, USA, Australia). Nursing can be described as a portable career where one can find work anywhere in the world.

IN PARTNERSHIP WITH

SUNWAY MEDICAL CENTRE
ACADEMIC PROGRAMMES

PSYCHOLOGY

• BSc (Hons) Psychology • MSc in Psychology

PSYCHOLOGY

BSc (Hons) Psychology

ABOUT THE PROGRAMME
Studying psychology will allow you to gain an in-depth understanding of how we learn, think, feel and adapt to our social environment. The programme covers both normal and abnormal behaviour, and deals with the biological, social and individual factors that affect human psychology. The programme also includes supervised fieldwork, during which you will have the opportunity to apply your newly acquired knowledge and understanding in a real-world setting.

Through the practical application of all you have learned, you will acquire the skills and attributes necessary to evaluate and understand the many different facets of human behaviour. You will also consider the complex ethical issues that arise throughout your studies, so that upon graduation, you will be able to use all you have learned for the betterment of human welfare.

A degree in Psychology is the gateway to a variety of exciting career prospects, from forensic scientist to helping businesses understand their customers and even helping sports men and women to perform at their highest potential. A degree in psychology can also open up career prospects in advertising, public relations, administration, retail services, marketing, journalism and even the legal profession, to name but a few.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

For more information, please refer to university.sunway.edu.my/sci/bsc-psychology

INTAKES:
January, March & August

DURATION:
3 Years (full-time)

CAREER PROSPECTS:
• Management Consultant • Child Development Specialist
• Human Resources Director • Public Relations Director
• Market Research Consultant • Advertising Manager
• Special Needs Educator • Human Factors Specialist
• Counselor • Sales Executive
• Product Developer • General Manager
• Entrepreneur • Mediator
• Forensic Scientist • Social Worker

MSc in Psychology

ABOUT THE PROGRAMME
This programme focuses on a topic of your choice through an independent research project. It is specifically designed to enable you to develop your research skills and to undertake independent research while at the same time, broadening your knowledge and understanding in an area of psychology that excites you.

You will learn how to research the literature and to plan and manage a research project. The skills and attributes you gain in critical thinking, project management and report writing will help you to achieve your career potential.

The programme also provides an excellent springboard for students wishing to continue their studies through to PhD level.

VALIDATED BY

Lancaster University
AN AMERICAN DEGREE IS RECOGNIZED THROUGHOUT THE WORLD AS A
MARK OF QUALITY. IT IS ALSO A PASSPORT TO TODAY’S GLOBAL JOB MARKET.
AN AMERICAN DEGREE USUALLY TAKES ABOUT FOUR YEARS TO COMPLETE.
BECAUSE OF THE HIGH COST OF AN OVERSEAS EDUCATION, THE
AMERICAN DEGREE TRANSFER PROGRAM (ADTP) AT SUNWAY UNIVERSITY
ENABLES YOU TO BEGIN YOUR UNDERGRADUATE DEGREE PROGRAM AT
SUNWAY UNIVERSITY BEFORE TRANSFERRING TO A UNIVERSITY OF YOUR CHOICE
IN AMERICA TO COMPLETE YOUR STUDIES. THE ADTP OFFERS MANY
COURSES EQUIVALENT TO THE FIRST TWO YEARS OF AN UNDERGRADUATE
DEGREE PROGRAM IN THE USA. STUDENTS CAN BEGIN THEIR DEGREE IN
SUNWAY UNIVERSITY’S ADTP AND THEN TRANSFER, SAVING ALMOST HALF OF
THE COST WHILE STILL OBTAINING THE OVERSEAS EXPOSURE THAT MANY
EMPLOYERS MAY BE LOOKING FOR.

STUDYING ABROAD EXPANDS PERSONAL HORIZONS AND BRINGS NEW
PERSPECTIVES TO LIFE WHICH MAKES YOU MORE EMPLOYABLE IN
TODAY’S GLOBALIZED WORLD. BUT IT IS MUCH MORE THAN JUST AN
EDUCATIONAL EXPERIENCE; THE TIME YOU SPEND IN AMERICA COULD
WELL BE THE TIME OF YOUR LIFE, AS YOU WILL GET TO MEET NEW PEOPLE,
IMMERSE YOURSELF IN A DIFFERENT CULTURE AND VISIT PLACES YOU HAVE
ONLY DREAMED OF. THE AMERICAN EDUCATION SYSTEM PROVIDES A
UNIQUE BLEND OF RIGOROUS ACADEMIC STUDY WITHIN A BROAD-BASED
CURRICULUM, DESIGNED TO DEVELOP EACH STUDENT’S TALENTS TO THE
FULLEST. MANY OF OUR FACULTY HAVE WORKED OR STUDIED IN AMERICA,
SO THEY KNOW JUST WHAT IT TAKES AND CAN HELP AND SUPPORT YOU ALL
THE WAY. THE ADTP AT SUNWAY UNIVERSITY HAS BEEN HELPING STUDENTS
REALIZE THEIR DREAMS FOR OVER 25 YEARS; DURING THAT TIME OUR
GRADUATES HAVE GONE ON TO SOME OF THE TOP-RANKED UNIVERSITIES,
INCLUDING COLUMBIA UNIVERSITY; JOHNS HOPKINS UNIVERSITY; UNIVERSITY
OF MICHIGAN, ANN ARBOR; AND NEW YORK UNIVERSITY. THE ADTP STRIVES
TO BRING OUT THE BEST IN EVERY STUDENT, THROUGH EDUCATION OF
THE HIGHEST LEVEL OF EXCELLENCE. WE PRIDE OURSELVES ON STUDENT-
CENTRED LEARNING, RECOGNIZING THAT EACH STUDENT IS AN INDIVIDUAL
WITH AN INDIVIDUAL LEARNING STYLE. THE LATEST TECHNOLOGIES ARE
EMPLOYED TO CREATE THE BEST POSSIBLE ENVIRONMENT FOR LEARNING.
ALTHOUGH SPECIFICALLY DESIGNED TO ENABLE STUDENTS TO TRANSFER TO
UNIVERSITIES IN AMERICA, SOME OF OUR STUDENTS DECIDE THEY WISH TO
COMPLETE THEIR STUDIES ELSEWHERE, SO OPPORTUNITIES TO TRANSFER TO
CANADA, EUROPE AND THE UK, NEW ZEALAND AND AUSTRALIA ARE ALSO
AVAILABLE TO OUR STUDENTS.

ENGLISH LANGUAGE PROGRAMME

• 71 Intensive English Programme (IEP) & IELTS Preparatory Course

ENGLISH LANGUAGE PROGRAMME

Intensive English Programme (IEP) & IELTS Preparatory Course

ABOUT THE PROGRAMME

The Intensive English Programme (IEP) is a full-time course that equips students with the English Language skills necessary to undertake college or university-level programmes taught in English. Once you achieve the required proficiency level, you will be ready for one of Sunway’s many academic programmes.

The programme covers both oral and written components with an emphasis on English for Academic Purposes. A systematic build-up of teaching and learning strategies enable learners to develop a sound foundation in English.

Higher-level students may choose to take a special part-time preparatory course for IELTS (International English Language Testing System). This course is designed to prepare students for the IELTS, an English Language test which meets the language entry requirement for many higher education institutions worldwide. The IELTS preparatory course involves an additional 30 hours tuition over a 10-week period.

KEY FEATURES OF THE PROGRAMME:

• Highly qualified and caring lecturers with dynamic and learner-centred approaches.
• Individual attention and special guidance to meet learners’ needs.
• Useful and varied learning activities such as reading programmes, research skills, presentation skills and project-based learning.
• A structured and reliable assessment system.
• Multimedia self-access learning to speed up progress.
• A truly international campus with students from over 90 countries.
• Optional IELTS preparatory course for higher-level students, degree at in US, Canada or other locations.

QUALITY ENDORSED BY

Lancaster University

INTAKES:

January, April, July & September

DURATION:

10 weeks (200 hours) for each Level

Students who wish to take the IELTS preparatory course may take an additional 30 hours of part-time tuition upon completion of IEP Level 4.

PROGRAMME STRUCTURE

The programme consists of oral and written components. The oral component emphasizes listening and speaking, while the written focuses on reading and writing.

Students in the programme are streamed into one of four levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks:

• Level 1 – Elementary
• Level 2 – Pre-Intermediate
• Level 3 – Intermediate
• Level 4 – Upper Intermediate

A placement test is administered prior to entry. Students may be placed at different levels for the oral and written components of the programme. This placement ensures that each student is able to derive maximum benefit from the programme.

At the end of the programme, students will be given a certificate of completion and a progress report that indicates their competency profile.

ENTRY REQUIREMENTS

Completion of secondary or high school education, or equivalent.

A pre-entry test will be carried out to ensure students have the necessary skills to undertake the programme and to determine the level of entry.
STUDENT TESTIMONIALS

For me, the Intensive English Programme (IEP) represents interesting, experience, people. It was a unique experience and an important part of my life. During my time in IEP, I really enjoyed how the lecturers imparted knowledge to us. I found the lessons provided in IEP very useful even now, as I get into my degree study. Besides, I made good friends from different cultural backgrounds and from other countries. We learned, had fun and faced new challenges together. To sum up, I feel lucky to have joined the IEP and the experience that I had can never be replaced.

GAN XUE WEI
MALAYSIA

The entire experience of mine in the Intensive English Programme (IEP) was amazingly satisfying. I could confidently say that studying in IEP was one of the best decisions I have ever made. It is all thanks to the fantastic IEP lecturers who paid much attention to students and closely supported them according to their ability and progress. I was able to spend memorable time with friends from around the globe, as well as quality time in studying academic English, which really did help me go through a 3-year bachelor’s degree in International Hospitality Management.

NATHAN TETSURO TOYA
JAPAN

I am currently a final year student in Sunway University, completing a Bachelor in Business Studies. Originally Korean, I was born in Russia and eventually came to pursue my higher education in Malaysia. My journey in Sunway University began with the Intensive English Program (IEP) and it was definitely one of the most memorable time in my student life. I had the opportunity to learn English with 20 students from nine different countries across the world. In such a multicultural learning environment, I was encouraged to make new friends, practise English and apply what I have learned in the classroom. IEP offers more than English lessons, it is the best place to make new friends and learn more about people from countries you have never visited.

TEN VALERIY
RUSSIA
Sunway University is a young, ambitious university aiming to make a real impact in the world placing enormous emphasis on the development of its research profile.

Supported by the Jeffrey Cheah Foundation, Sunway University invests heavily in research, recruiting academics with strong research profiles and a proven track-record of publication in leading journals. The University has also commissioned brand new, state-of-the-art laboratories and other facilities to support this process.

Already, Sunway University’s ground breaking, innovative research is making a real difference in the world, from work on anticancer drugs inspired by crocodiles, to the digital preservation of cultural heritage; and from crystal engineering to understanding social behaviour across species.

There are in total, nine research centres residing within the Schools that support Sunway University’s research agenda.

School of Arts
- Centre for Research-Creation in Digital Media

School of Science and Technology
- Research Centre for Biomedical Sciences
- Research Centre for Crystalline Materials
- Research Centre for Nano-Materials and Energy Technology

School of Interdisciplinary Studies
- Centre for Higher Education Research
- Centre for Radiation Sciences
- Jeffrey Cheah Institute on Southeast Asia
- Sunway Institute for Healthcare Development
- Jeffrey Sachs Center on Sustainable Development
INDUSTRY-READY GRADUATES

OVER 500 MULTINATIONAL AND LEADING LOCAL ORGANISATIONS EMPLOY SUNWAY GRADUATES AND INTERNS.

To help graduates transit successfully into the workforce, Sunway University combines a well-rounded academic experience and learning, both inside and outside the classroom, with the goal of using these experiences to prepare graduates for a career. Also, through Sunway Career Services, students receive comprehensive guidance on how to develop a clear career pathway towards future prospects as they complete their degree. Sunway Career Services often complete career support through updated resources and year-round activities so our students can move forward with confidence. Students are welcome to drop in anytime for a chat with our career specialists.

**SPORTS & SOCIAL ACTIVITIES**

**Clubs & Societies**
Sunway University provides an exciting selection of clubs and societies. You can enjoy a rich and varied social calendar by participating in the many events and activities that are held throughout the year. It’s all about trying new things and making new friends.

The enormous range of clubs and societies available enables you to explore and develop your skills via leadership opportunities, creative thinking projects and community engagement initiatives. These interactions prepare you to become articulate and confident as you transition into the next phase of your life - be it to climb the corporate ladder, start a business venture, pursue your professional career or to champion social causes.

**Sports & Recreation**
There are plenty of sporting opportunities for students to keep healthy and expand their social circle. With a diverse range of sports and recreation programmes, the clubs deliver fun, friendship, fitness and university spirit - all important facets of the Sunway Student Experience.

---

**THE CUTTING-EDGE CAMPUS FOR YOUR DREAMS TO TAKE FLIGHT**

Sunway University’s state-of-the-art campus consists of a 12-storey building with 880,000 sq ft of space, as well as subterranean car parking. It has outstanding learning facilities developed to meet contemporary standards.

The campus is environmentally friendly and equipped with excellent facilities and infrastructure, catering to a variety of learning methods. It was our vision to create a building with intelligent spaces that will inspire and unleash the power of the inquiring mind.

**Ensemble & Choir**
The Sunway University Ensemble was founded in 2008 by a small group of students and now has many members showcasing the talents of string players, woodwind players, pianists, and percussionists. By joining the Ensemble, students will have the opportunity to perform and be exposed to professional orchestras such as the Malaysian Philharmonic Youth Orchestra, Camerata Musicales Kuala Lumpur Selangor Philharmonic Orchestra, and many more.

The Sunway University Choir was established by a group of passionate singers in 2010 and has since expanded to over 50 active members. The choir aims to provide a platform for singers and choral enthusiasts to practise, improve and perform. It has performed at Sunway University’s graduation ceremonies and Sunway Education Group’s 25th Anniversary celebration.

---

**Get Active!**
We also believe in rewarding those who excel in sports and music through scholarships. Refer to section on Scholarships and Financial Aid.

Submitting Your Application

Here are some useful information to guide you when submitting your application.

For Malaysian Students

The application form can be obtained from our Admissions Office or downloaded from the form from university.sunway.edu.my/apply/malaysian

Walk-in Application
Drop by our Admissions Office with your supporting documents and ask any of our friendly counsellors for assistance.

Application via Post
Send the completed application form along with certified true copies of the supporting documents to the Admissions Office (Do not send us your original certificates).

Online Application
Application can be submitted online at: https://onlineapplication.sunway.edu.my

Important!
Supporting documents required for applications:
- Academic records (e.g. results, transcripts and certificates)
- English Language achievements (original & English translation)
- School leaving / completion certificate
- One (1) passport-sized photograph
- One (1) certified true copy of Identity Card (MyKad)
- Enrolment Fee of MYR 700 (non-refundable / non-transferable)

Note: Forecast / trial exam results may be used if application is submitted before the release of actual exam results.

Postgraduate Studies
If you are applying for a postgraduate programme, please contact the International Office for further details.

Sunway University (International Office)
5, Jalan Universiti, Bandar Sunway
47500 Selangor Darul Ehsan, Malaysia
+603 7491 8622 / info@sunway.edu.my

Application Deadlines
International applicants are advised to submit their application documents at least eight weeks before the commencement date of the programme, to allow sufficient time for student visas to be issued by the Malaysian Immigration Department.

For International Students

Walk-in Application
Drop by our International Office with your supporting documents and ask any of our friendly counsellors for assistance.

Application via Post
Send the completed application form along with certified true copies of your supporting documents to the International Office (Do not send us your original certificates). The application form can be downloaded from university.sunway.edu.my/apply/international/

Online Application
Application can be made online at: https://onlineapplication.sunway.edu.my

Important!
Supporting documents required for applications:
- Completed Application Form
- 1 copy of passport (ALL pages including blank pages, 2 pages per A4 sheet, single side).
- Passport must be valid for a minimum of 18 months from intake date
- 1 copy of official academic results
- 2 passport photos (white background – size 3.3cm X 4.5cm, neutral facial expression)
- Official English translation of all required documents must be enclosed
- If financed by scholarship / study loan, documented evidence must be attached
- Completed Pre-Arrival Medical Health Examination Report + Lab reports (original & English translation)
- MYR 700 Enrolment Fee (non-refundable, non-transferable)
- MYR 2,400 Visa processing fee (non-refundable) – for student visa- and EMGS-related processes
- Residence Application Form and non-refundable Application fee of MYR 500 (if you require accommodation)

Postgraduate Studies
If you are applying for a postgraduate programme, please contact the International Office for further details.

Scholarships & Financial Aid

Sunway is committed to providing higher education to students who aspire to fulfill their potential with the availability of merit-based scholarships and bursaries.

- Jeffrey Cheah Entrance Scholarship
- Jeffrey Cheah Continuing Scholarship
- The Chancellors Scholarship of Sunway University and Lancaster University
- Sunway Excellence Scholarship
- Jeffrey Cheah Foundation Community Scholarship
- Jeffrey Cheah Foundation Scholarship
- Sunway University Postgraduate by Research Scholarship
- Jeffrey Cheah Foundation-Sunway Group Scholarship
- Jeffrey Cheah Scholastic Award
- Sunway ECA Achievers and Sports Awards
- Sunway Sports Scholarship
- Sin Chew Daily Education Fund
- The Star Education Fund
- Bantuan Sunway-Berita Harian
- Sunway University Community Bursary
- Sibling Discount

There are many ways of funding your way through university. Make sure you find out about bursaries, loans, grants and scholarships to which you may be entitled. If you are in need of assistance, information on scholarships and application deadlines are available at: university.sunway.edu.my/scholarship/

Alternatively, Malaysian students can also apply for financial assistance from national bodies such as the National Higher Education Fund Corporation (Perbadanan Tabung Pendidikan Tinggi Nasional, PTPTN) and the Employees’ Provident Fund (BP).

More information can be obtained from:
- www.ptptn.gov.my
- www.kwsp.gov.my
- www.w般的.my

Our fees vary according to the programme you intend to study. You will be provided with detailed fee information during counselling sessions. Alternatively please write to: info@sunway.edu.my

You will be able to enquire about financial support and money management advice from our staff in the Scholarship Unit at the Student LIFE centre. Our friendly counsellors can provide guidance and information on how to adjust and familiarise yourself with university life.
one of the most exciting Aspects of the university experience is the opportunity to live independently. If you wish to live on-campus, Sunway University provides three types of on-campus residential apartments to suit a variety of budgets and personal preferences.

Being on campus grounds provides easy access to classes and any other co-curricular activities that are held within it.

Unlike many other institutions, Sunway University can provide accommodation for all new students. Alternatively, you can also choose to live off-campus. However, students who board privately need to understand that the University will not be held responsible for their wellbeing when off-campus.

For full information on campus accommodation please visit our website: residence.sunway.edu.my

Sun-U Residence

The Sun-U Residence is located within 5 minutes walking distance to the University. It provides air-conditioned twin-sharing rooms with WiFi access. Reading areas for communal studying are air-conditioned and equipped with WiFi so you can complete your research and assignments with ease. For leisure, you can enjoy swimming at the Olympic-sized swimming pool or sweat it out at the state-of-the-art SunGym. This premise is a private residential complex equipped with CCTV and security guards on duty round-the-clock.

Sunway Monash Residence
This residence with premium facilities and services surpassing that of private accommodation, allows you a sense of an independent lifestyle. Facilities include swimming pool, gymnasium, a 24-hour convenience store. The WiFi connection at common areas allow you to study and complete your assignments anywhere within the compound. This residence operates a keyless entry system (called the One-Card System) whereby residents are able to access their units and rooms using access cards which also act as a device for monitoring air conditioning usage.

Located within 15 minutes walking distance to the University campus via a covered elevated walkway, you need not worry about traffic conditions at any time. Alternatively, a free shuttle service that operates between the Sunway Monash Residence and the University provides transportation convenience for you.

STUDENT SERVICES & PLACEMENTS

Sunway University students can choose from a wide range of student services and placement opportunities.

For advice on study abroad options and arrangements, visit our:
• International Office
• University Placement
Email: placement@sunway.edu.my
From the initial enquiry, visa procedures, welfare, and student activities, our team of experienced staff provide guidance on:

- Programmes enquiries and admissions
- Visa and Immigration advisory assistance
- Pre-departure arrangements
- Airport Pick-Ups for new students

We are here to ensure that the education experience of every international student at Sunway is a remarkable one!

Our friendly IO team organises International Orientation Sessions to welcome, meet and greet all new international students during the introductory week. Knowing that it’s probably the first time students are living away from home and from their families, the IO team is dedicated to the welfare and well-being of our international student community. Do approach us if you require support or advice at any time during the course of your studies.

**International Office University Placement (IOUP)**

At IOUP, our knowledgeable specialists provide university placement services and advice on studying abroad in Australia, New Zealand, Canada, The UK, The US and other countries. The team offers support and assistance in:

- University selection
- Visa application
- Pre-departure briefings
- Universities Information Talks and Fairs – Asia, Australia, Canada, New Zealand, UK, US, etc.

IOUP has links with universities worldwide. With our extensive resource library, students are able to obtain essential information and research on overseas universities.

**Living in Malaysia**

Malaysia is renowned for its charming natural diversity and rich cultural heritage. With its multi-ethnic citizens, it is a melting pot of various cultures and religions, creating a diverse and vibrant community. Today, Malaysia is a dynamic modern hub with a cosmopolitan business environment and advanced infrastructures. It is increasingly becoming one of the centres of academic excellence in the region where there are vast educational opportunities for international students.

**Cost of Living**

Many of our international students choose to reside on-campus. The rental for on-campus residences includes utilities and Internet connection. Depending on the location and facilities, the cost of rented accommodation in Malaysia ranges between MYR 300 for a basic room to MYR 3,000 per month for a fully furnished apartment. For most students, the average living (food and accommodation) expenses is estimated at MYR 1,500 per month. Other costs vary according to students’ personal lifestyle.

**General Information on Student Visas**

All international students are required to have a valid Student Pass/Visa to study in Malaysia. Education Malaysia Global Services Sdn Bhd (EMGS) is the only international student visa application agency appointed by the Ministry of Higher Education for the processing of applications for international students.

Interested students are welcome to check their eligibility with the International Office. The approval for student visa application takes at least eight (8) weeks (2 months). We will guide you in the preparation of the documents required for the submission of applications and other admissions assistance.

**Entry into Malaysia**

Once the students receive their Visa Approval Letter (VAL), they may need to obtain a Single Entry Visa (SEV) from the nearest Malaysian embassy or consulate before entering Malaysia. Certain countries are exempted from this requirement, students will be advised accordingly.

**Sunway International Student Ambassador (S.I.S.A)**

Campus life at Sunway is a wonderful experience filled with social activities and excitement!

Students from over 90 countries across the globe come together to live, learn, and play, fostering a platform for sharing, learning, networking and exploring new ideas.

Our friendly and supportive Sunway International Student Ambassadors connect students to multicultural and social events, and friends. By helping new students adjust to a new environment, S.I.S.A. hopes to make your university experience meaningful and memorable. Activities by S.I.S.A. include:

- Welcome receptions for new international students
- Social meetings, cultural nights and campus events
- Familiarisation tour around Sunway campus vicinity
- Social responsibility activities, and many more
At Sunway University we pride ourselves on not just catering to your academic needs, but on looking after your personal welfare too. All our students have access to a range of advice and support networks, helping you to deal with any problems that you may encounter during your time with us.

University life is about much more than your academic studies. As important as they are, it is about learning to become independent, to set your own goals and take responsibility for yourself. It is about meeting new friends, exploring new things and discovering who you are. University life can be – and for most students is – the best time of your life, but it can also be a daunting experience.

Don’t worry! Our Student LIFE team is here to help and to ensure that your student experience is as fulfilling and successful as it possibly can be.

The Student LIFE team aims to help you get involved, develop new skills and overcome any problems you may have. There will be opportunities to develop leadership skills for social interaction and character building, and for serving the community.

GETTING YOU READY FOR EMPLOYMENT

Sunway University is focused on producing highly employable graduates and on helping you to take the first steps on your chosen career path. Alongside your academic studies, Sunway Career Services works with you to equip you with the right tools and essential skills you need to prepare for the working world. Working closely with employers, we create a mutually beneficial relationship which helps them match their recruitment needs and helps our students meet their career aspirations.

Our Sunway Career Services (PRePARE) is located in the Student LIFE Centre. We offer a complete career support service through the use of up-to-date resources and year round activities, so that you can move towards your career goals with confidence.

Through PRePARE, we offer a wide range of services and programmes, including:
- LEAP Employability Programme
- Weekly talks on soft skills and employer series
- Career Network Events, Conference, Business Challenges
- On-campus Interviews
- Recruitment Fair
- Company Visits
- Internship Workshops, Resume Critiques, Interview Skills & Grooming Workshops
- Career Advisory Services
- LEAP Platinum Programme for Top Students
- Mentoring & Exclusive Self Skills Workshops

For more information about Career Services, simply go to the link below, or visit us at the Student LIFE Centre: https://university.sunway.edu.my/Career-Services

THE STUDENT COUNCIL

Our Objectives

- To plan, organise and coordinate student related activities in furthering the educational aims of Sunway University and in tandem with the interests of the students
- To publish any information that the Council deems desirable in the declaration and promotion of its purposes from time to time
- To co-operate and affiliate with other persons and bodies in pursuit of its purposes
- To defend the right of students to a representative, autonomous and self-governing organisation
- To otherwise protect, promote and develop the interests and welfare of students
- To make representations on matters affecting students to any member or body of Sunway University and in particular to the Vice-Chancellor, the Academic Senate, and the Board of Directors
- To be an accountable representative and democratic body for the students

Sunway University Student Council (SUSC) is an official body that represents the Sunway University student community. We serve and act as the liaison between the students and our University management, ensuring that student voices are heard and their interests and cause are represented.

Our commitment also extends to create the best campus experience possible for the student community as serving our community remains a priority for the Student Council. We engage students through small gestures, such as simple conversations to share their views and opinions no matter how big or small they might be, or even by organising large-scale events which makes campus life much more amazing than it has ever been before.

VISIT US

Our Location Map
Now that you have read through our prospectus, why not gain further insight by visiting our campus? It will give you the opportunity to see all that we have to offer. Whilst you are here, we can take you on a personal tour where you can chat with our students, meet academic staff and admissions counsellors, and ask questions about life at Sunway University. You are most welcome to visit us on weekdays or selected weekends. If you would like an assisted tour, please contact us in advance to make an appointment and we will be more than happy to show you around.

Our Campus Map
Here is a detailed, but easy-to-follow map that shows you most of where everything is on the campus. You may also obtain information about precise locations of classrooms and offices using our Sunway MyCampus app available for all iOS and Android users.
