Breaking Boundaries: Where Education Meets Innovation

Recognising Sunway University's commitment to achieving world-class excellence in education delivery, research, and innovation, PACE is proud to announce its integration into the newly established School of Education, officially inaugurated on September 23, 2023.

Having integrated into the School of Education's framework, PACE maintains a crucial role in advancing professional and continuing education initiatives. This strategic alignment seamlessly corresponds with the School's overarching vision and mission, highlighting the advocacy for inclusive, equitable, and lifelong learning practices.

Sunway University: Now an Approved APEL.A Centre

Exciting update! Sunway University has received official recognition as an APEL.A Assessment Centre. This milestone means that the APEL.A programme is now available for prospective students and lifelong learners, enabling them to leverage their experiential formal, informal, and non-formal learning for admission to our programs!

What is APEL.A?

APEL.A assesses learners' experiential formal, informal, and non-formal learning for entry into Sunway University's programmes.

Who is it for?

APEL.A is designed for individuals who have accumulated valuable experiences; formal, informal and non-formal, and wish to leverage these experiences for entry into our programmes! It's particularly well-suited for lifelong learners seeking a flexible and inclusive approach to accessing educational opportunities.

**Support us by being an APEL.A Associate,

Toward Accreditation with APEL.Q

Exciting news! PACE is applying for APEL.Q. Stay tuned for your pathway to recognition! Unlock academic qualifications from your life experiences with APEL.Q, tailored for lifelong learners.

**The following programmes are candidates for
our APEL.Q application:**

**School of Hospitality and Service Management
Master in International Hospitality
Management**

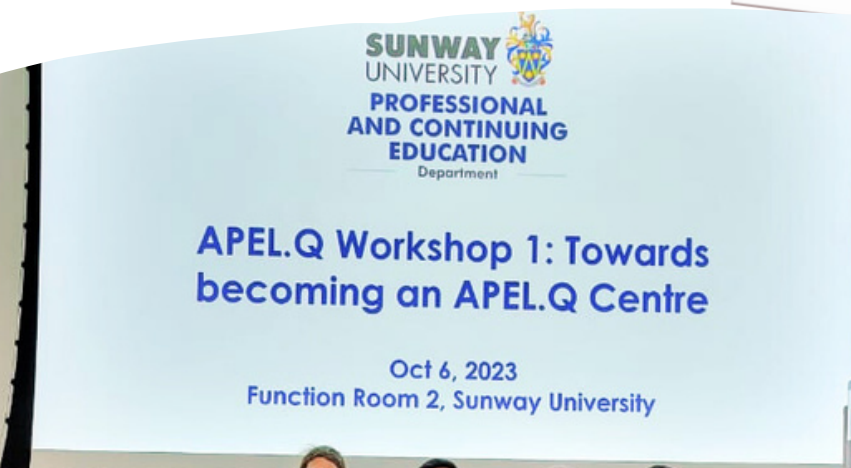

**Sunway Business School
Master in Sustainable Development
Management**

APEL.Q Workshop 1: Toward Becoming an APEL.Q Centre

As part of our commitment to launch the next APEL initiative within the university's offerings, PACE had recently concluded the initial session of two APEL.Q training programmes led by MQA. This session, titled "*Toward Becoming an APEL.Q Centre*" was facilitated by the esteemed Vice Chancellor of HELP University and APEL guru, Prof. Andy Liew.

PROF. ANDY LIEW

**Stay tuned for future APEL related
workshops and information sessions in
this space!**
