The nursing profession offers many employment and career opportunities. There are many factors to consider when choosing the right school for you. Different factors apply to different types of prospective students.

Before making a decision on your career choice, you need to decide which education programmes suit you best. In Sunway University, we prepare our students for a diverse and rewarding profession that combines compassion with the latest healthcare technology.
Sunway’s Diploma in Nursing combines both conventional and state-of-the-art technological applications. The programme is catered for those with a passion for nurturing the well-being of others.

Students in this programme will be able to learn about the anatomy and physiology of the human body. The course ensures that students acquire skills in caring, rehabilitating and counselling, while also working as a unit to provide holistic healthcare for all patients. This programme ensures that Sunway University nursing graduates emerge as knowledgeable, competent and caring professionals when taking care of those in need of assistance from a healthcare perspective.

The theory and practical assessments are conducted for each semester throughout the 3-year programme. Students will be awarded with Sunway University and the Nursing Board of Malaysia Registration Certificates upon successfully passing the licensure examination.

Upon obtaining the Diploma, graduates can choose to enter the workforce or pursue their further studies either locally or overseas.
**DISTINCTIVE SUNWAY EXPERIENCE**

- Impressive resources such as a library, IT amenities, lecture halls, extracurricular facilities and diverse student support groups
- A strategic location just 10 minutes’ walk to Sunway Medical Centre; 6 minutes’ walk to Sunway Pyramid and Sunway Lagoon

- **Hospitals of Sunway Healthcare Group**
- **United Kingdom**
- **Middle East**
- **Australia**
- **Singapore**
- **United States**
TESTIMONIALS

I am glad that I have chosen this course, Sunway Diploma in Nursing. Through this course, I have learnt to become more independent, confident and knowledgeable. Despite the strict training, I have a sense of satisfaction as I could help to bring happiness to patients even if it’s just a for little while.

YONG WEN JI
Student

I choose nursing because I enjoy being around people in their times of need and I get internal satisfaction by serving those who need help. I believe that the cure for many of the people’s ailments is not just in medicine, it is in the care that they receive as patients in hospitals and their homes. I believe that it is important to provide a patient with the right kind of atmosphere and environment that is conducive to his/her recovery. I enjoy my training in Sunway University as they provide me a holistic education that is challenging and filled with the support of an amazing education team that is preparing me for my future.

LEONG KOK FAY
Student

I am very happy to be here in Sunway University pursuing my Diploma in Nursing as I have experienced things that are beyond my expectation. During clinical posting, I have made patients smile and felt very glad when they leave the hospital healthily. I have also nursed a dying patient until her very last breath. The experiences have helped me to appreciate life and not take health for granted.
