ABOUT THE PROGRAMME

The Intensive English Programme (IEP) is a full-time course that equips students with the English Language skills necessary to undertake college or university-level programmes taught in English. Once you achieve the required proficiency level, you will be ready for one of Sunway's many academic programmes. The programme is offered in two modes: fully online and hybrid (i.e. 2 days online and 3 days in-person classes on campus).

The programme covers both oral and written components with an emphasis on English for Academic Purposes. Students in the programme are streamed into one of four levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks:

- Level 1
- Level 2
- Level 3
- Level 4* - Upper Intermediate (*with complimentary IELTS preparatory class)

A placement test is administered prior to entry. Students may be placed at different levels for the oral and written components of the programme. This placement ensures that each student is able to derive maximum benefit from the programme. At the end of the programme, students will be given a certificate of completion and a progress report that indicates their competency profile.

Students placed in higher IEP levels are eligible to take a complimentary IELTS preparatory course of 30 hours concurrently.

LAI WEI KEONG *Malaysia*

Currently pursuing BSc (Hons) in International Business

I have improved my language skills in the Intensive English Programme (IEP) and I also feel more confident now when I communicate with others or when I have to give presentations in class. Thanks to my lecturers and course mates (of different nationalities) who are kind and friendly, I have overcome many earlier challenges.

HELENA SETIASARI *Indonesia*

Currently pursuing BSc (Hons) in Actuarial Studies

When I first came to Malaysia to further my studies, I was not proficient in English and I felt insecure, but after completing the Intensive English Programme (IEP), I have improved much in my academic essay writing and public speaking skills. IEP is an excellent preparatory course for learning English for academic purposes.

AYUKA NAMIKI *Japan*

Currently pursuing BSc (Hons) in Conventions and Events Management

IEP teachers incorporate different methods in their teaching because every student learns differently. Thanks to them, I am able to cope with the academic demands in my main programme.
